

***Fencing in Easement Areas:***

Fencing installed in all easement areas shall be erected at the sole risk and expense of the property owner and subject to removal at any time. The fence shall be removed at the cost of the property owner at any time requested by the City or when the easement is needed for access, maintenance, or other public purposes. The City or its employees, agents, and designees shall have access to the easement at any time. Upon any sale, transfer or lease of the property, the undersigned and/or their successors shall inform their purchasers, transferees or lessees of the existence of this permit and its conditions and requirements. The undersigned property owner(s), discharge and waive all claims against the City of New Prague, its employees, agents and designees, and agree to indemnify and hold the City harmless from all claims, damages, injury, or liability of any kind, including personal injury or property damage, whether by negligence or otherwise, suffered by the undersigned, their tenants, guests or invitees, or others as a result of the installation or removal of the fence approved by this permit.

I have read and understand the above fence permit requirements and agree to be bound thereby:
