Utilities General Manager

April 7, 2023 | Project Update No. 1

This letter is being sent to inform you of construction activity on the above-referenced project.

Construction on the project is intended to begin on April 17th, likely starting with utility work on 3rd Street NE, Sunrise Avenue N, and Greenway Park. Residents on those streets may find access to their driveways difficult during some construction activities soon after construction starts as pavement and curb removal will occur first. Please consider alley parking if you have this option. The schedule provided by the Contractor is aggressive and they are expected to move on to other project areas quickly with multiple crews on-site. Private utility work ahead of the project has already started.

This is also the time to remind everyone that anything within the public right-of-way could be in jeopardy of being damaged and/or removed. This includes landscaping, irrigation or pet containment systems, etc. Those systems are considered "private" facilities. Locating them and marking them in and near the right-of-way is the property owner's responsibility. It would be helpful for those of you who have irrigation or pet containment systems to contact me so that we are made aware of them. **Any damage to those systems because of failure to locate and mark them will be the property owner's responsibility.**

Note: Most future project updates will NOT be mailed.

To continue receiving project updates, please email your name, property address, and email address to Julie Brinkman at jbrinkman@sehinc.com.

OR

Receive Notices by Text Message by texting **NP2023** to the number **833.709.1208**.

If you do not have access to email or text messaging and need to have hard copy updates mailed to you, please contact City Hall at 952.758.4401 and provide your name and address for future mailings.

As a reminder there will be a neighborhood meeting on April 13th, 6:00 p.m. to 7:30 p.m., at City Hall. The City, Contractor, and Engineer will all have representatives there. Neighborhood residents should have previously received an invitation to this meeting.

If you have any questions or concerns, either now or as the project progresses, feel free to contact me or City Engineer/Project Manager Chris Knutson. I look forward to meeting you on the project!
